Orchid to be named after P-Noy in Singapore visit

By Norman Bordadora

SINGAPORE will name an orchid breed after President Aquino when he travels to the country for a state visit next week, Foreign Affairs Secretary Albert del Rosario told Malacañang reporters on Thursday afternoon.

Mr. Aquino is scheduled to undertake state visits to Indonesia on March 7 to March 9 and to Singapore from March 9 to March 11.

"These visits follow the Association of Southeast Asian Nations tradition of a new head of state paying courtesy visits to fellow Asean member countries," Del Rosario said.

"By observing this tradition, the Philippines shows its commitment to Asean as the most important regional partner in development and in peace and security efforts," he added.

Del Rosario said Mr. Aquino would meet with Indonesian President Susilo Bambang Yudhoyono.

The Philippines will enter into memorandums of understanding with Indonesia on basic education, sports cooperation, and on performing and combating transnational crimes.

The foreign affairs secretary said Mr. Aquino would meet Singapore President SR Nathan, Prime Minister Lee Hsien Loong and Minister Mentor Lee Kuan Yew.

"As part of courtesies, there will be a ceremonial naming of an orchid breed after the President at the Singapore Botanical Gardens," Del Rosario said.

The Asean was established on August 8, 1967 in Bangkok, Thailand, with the signing of the Asean Declaration (Bangkok Declaration) by its founding fathers, namely Indonesia, Malaysia, Philippines, Singapore and Thailand.

Obama: Gadhafi 'must leave' Libya now

WASHINGTON—President Barack Obama demanded Thursday that the embattled Libyan leader, Col. Moammar Gadhafi, "step down and leave" immediately and said he would consider a full range of options to stem the bloodshed there, though he did not commit the United States to any direct military action.

There's big bonus for every Buddy all year round

Value-conscious Pinoys love anything extra and for free. It's like that additional scoop of strawberry ice cream added to your favorite banana split or another serving of gravy to complete your lunch of chicken. Or the unlimited rice that makes your bento meal so enjoyable.

The choice of SIM for mobile phones is no different. With all the unlimited offers and free packages that come with a SIM purchase, the decision to pick one that suits the budget has boiled down to a single element – value.

That's what SMART Buddy's Big Bonus promo is all about. It's value that lingers because SMART Buddy rewards its subscribers with free packages that allows them to enjoy text, calls and mobile Internet month after month, for twelve months.

Call it a winning deal because it certainly looks like one. Imagine buying a SMART Buddy SIM, registering it in the Big Bonus promo and getting free All-In 20 upon activation.

All-In 20 simply means having unlimited text messaging from SMART to SMART plus a choice of 20 minutes of calls or mobile Internet plus another 20 text messages to other networks. All for free.

Now that's just for starters. For every month the SMART Buddy subscriber enrolled in the Big Bonus promo has a minimum cumulative load of P150, he or she gets another free All-In 20 the succeeding month.

Owners of SMART Buddy SIMs may register up to May 31 this year in the SMART Buddy Big Bonus promo to enjoy all these additional bonuses. What a big value deal!

SMART Head of Wireless Consumer Division Danilo J. Mojica said the current promo offering highlights the wireless leader's efforts to provide the best possible value to its pre-paid subscribers.

"It's the kind of big value that adds so much delight to the pre-paid experience especially for Filipinos who want the maximum worth for every peso they spend," he added.

But wait, there's more.

SMART Buddy Big Bonus comes from the country's biggest network with the most reliable wireless services in the Philippines. That's the biggest bonus, in fact.

BANGKO SENTRAL NG PILIPINAS

MEMORANDUM NO. M-2011-012

To: ALL BANKS

Subject: CURRENCY EXCHANGE FACILITY FOR LIBYAN DINAR FOR OVERSEAS FILIPINO WORKERS EVACUATED FROM LIBYA

Pursuant to Monetary Board Resolution No. 307 dated 3 March 2011 approving the establishment of a Currency Exchange Facility (CEF) for overseas Filipino workers (OFWs) evacuated from Libya, the following are the guidelines for the implementation of subject CEF:

1. The Bangko Sentral ng Pilipinas (BSP) will accept Libyan dinar banknotes for conversion to pesos from OFWs evacuated from Libya.
2. Banks, particularly those with branch offices at the Philippine international airports shall offer similar exchange facility and extend their banking hours, as needed, to accommodate arrivals of OFWs.
3. Each OFW will be allowed to exchange up to a maximum equivalent of PHP10,000.00 of Libyan dinars.
4. Exchange shall be allowed only within seven (7) banking days from date of arrival or from the date of issuance of the implementing BSP Memorandum to All Banks, whichever is applicable, through banks and/or with the BSP Cash Department (Head Office) and/or BSP Regional Offices/Branches.
5. The BSP and the banks reserve the right to require the OFWs to present documentary proof, such as passport or valid travel papers (issued and signed by the Philippine Embassy, stamped with the date of the OFWs' arrival in the Philippines).
6. The BSP shall set the reference rate to be used in the exchange and post this in the daily BSP Reference Exchange Rate Bulletin.
7. Applicant shall fill up the prescribed CEF Conversion Slip (pro-forma attached as Annex A) for the exchange of the Libyan dinar.
8. Banks shall sell to the BSP Libyan dinars purchased under the CEF within seven (7) banking days from date of purchase.
9. Banks shall submit on a weekly basis to the BSP International Operations Department, a Consolidated Summary of Purchases of Libyan Dinars under the Currency Exchange Facility within three (3) banking days after end of reference week using the attached prescribed form (Annex B); and
10. The Libyan dinars purchased under the CEF shall not be included in the computation of the foreign exchange position of banks.

This Memorandum shall take effect on 7 March 2011.

The Philippines' first residential eden

By Cesar D. Mangawang

BRUITED ABOUT as the Philippines' first residential eden, Acqua Private Residences is a six-tower development located on a 2.4-hectare prime property in Mandaluyong City. This newest project of leading real estate developer Century Properties is directly across Rockwell Center and accessible through a new bridge across the Pasig River connecting the cities of Mandaluyong and Makati.

Century Properties describes the project as an urban address infused with all that people love about the tropical rainforest: the peaceful sight and soothing sound of cascading waterfalls, abundant greenery and invigorating lagoon pools.

Says Marco R. Antonio, Century Properties managing director and project head for Acqua: "Acqua (Italian term for water) is a piece of paradise in the center of the metropolis, made even more exciting as residents will get such exclusive amenities as their own Country Club by the Water, a Riverside Promenade and a water shuttle that will take them to and from Makati."

According to Antonio, Acqua is designed and developed for discriminating buyers looking for a supreme location, affordable chic and truly inimitable real estate. "It is one of the highlights of Century Properties' 25th anniversary this year, and is the much-anticipated follow-on project of our brand Century Limitless, which develops high-quality homes at affordable prices."

6 towers

The six buildings are named after some of the world's most beautiful waterfalls:

- The Niagara Tower (the most renowned waterfalls in North America)
- The Sutherland Tower (famous waterfalls in New Zealand)
- Dettifoss Tower (waterfalls in Iceland)
- Iguazu Tower (waterfalls in Brazil)
- Victoria Tower (waterfalls in South Africa)
- Yosemite Tower (national park and its waterfalls in North America)

The towers will have uninterrupted views of the Makati skyline across the bridge and the tranquil waters down below.

Niagara Tower will be the first one to rise at Acqua. With visually arresting architectural edifice, it will have 42 stories offering one-, two- and three-bedroom units. Succeeding towers will rise up to 54 stories. Every floor will have around 4 to 14 units.

For the discerning clientele looking for choice real estate, there is a private collection of special units called Acqua Privé. Included in this collection are townhouses, sky garden, private garden and penthouse units.

Buyers may choose from unit sizes ranging from 27 to 148 square meters with prices averaging from P75,000 to P100,000 per sq m—almost half the price lower than upscale projects in the area. They may choose either a bare unit or a fully furnished one, which has two interior designs—Acqua Escape and Cosmo Break.

For the Niagara, parking will be available in five levels, with a total of 150 slots.

Building design

The building façade will have a waterfall-like design. The balconies and pocket gardens will form a visual reflection of the cascading movement of the waterfalls.

On select floors, there will be sky gardens—special pocket gardens that improve ventilation, add greenery and promote the use of natural light indoors.

There will also be rooftop parks, a green roof that serves not only as rainwater collector but as an additional open space for residents.

Amenities, facilities

Acqua's central amenity structure is The Pebble. This is a gleaming white, modern interpretation of a smooth river stone, with a huge cut out on the front providing an almost window-like vista onto the river and Rockwell.

Housed in this Country Club by the Water are facilities such as a total health and fitness club including multifunction studios for yoga, Pilates, dance, boxing and cycling; a climbing wall, a high-tech gym, spa with cold and hot jacuzzis, salt and juice bar and a 25-meter glass lap pool.

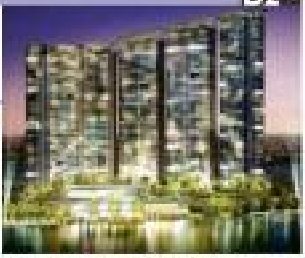

Other amenities are pool parks, tropical rainforest-inspired landscaped gardens, a multipurpose basketball and tennis court and a private lagoon pool.

The 300-meter Riverwalk Promenade will house a riverfront variety of retail spaces for restaurants, bars and cafés. Located at the ground floor of The Pebble, it is inspired by Singapore's Clarke Quay area for a delightful and dining experience.

Acqua residents will enjoy concierge service, 24/7 electric and building maintenance, 24/7 security, landscape maintenance, property and lease management and asset maintenance.

Acqua is conceptualized by Century Properties with the London-based award-winning design firm Broadway Malyan and local counterpart R. Villarosa Architects. Its masterplan allots twice the size of its land area to open space, amenities and greenery, spread throughout the buildings, roof gardens and amenity areas.

Antonio concludes: "We are delighted to introduce a residential landmark that embraces the modern lifestyle and yet infuses the reinvigorating experience of being surrounded by a majestic tropical rainforest. Acqua is truly a life-enhancing project that will elevate residents to a state of bliss, and make them feel nurtured and refreshed, without ever having to leave the city."

ARTIST'S rendition of Acqua Private Residences, which features an iconic design that is set to reshape and revitalize its immediate environs.

Pueblo de Oro Jumpstarts Expansion Plan in San Fernando, Pampanga

As part of Pueblo de Oro Development Corporation's expansion plan, it will be offering a slew of residential projects this year, located in key cities across the country such as Mactan, Cebu; Sto. Tomas, Batangas and San Fernando, Pampanga.

Starting in San Fernando, the projects were unveiled under the name Pueblo de Oro Communities Pampanga. This is a 38-hectare master-planned community offering an exclusive collection of three private and gated neighborhoods. For the startup family, La Aldea Fernandina offers Spanish-Mediterranean themed townhouses priced at P 4,999.99 a month. Park Place contains contemporary Asian-themed duplexes perfect for the middle income Filipino buyers, for as low as P 7,699 a month ; The Zen-inspired two-storey homes of Horizon Residences caters to the middle income mature-family at P 14,490 a month.

Nestled in the heart of the each village is a landscaped park and playground where one can hang out and keep fit. For special occasions such as birthdays and gatherings, there is a clubhouse to provide your family the ideal venue. Security is not an issue at Pueblo de Oro Communities Pampanga because the villages are protected by a perimeter fence with a guardhouse and entrance gate plus 24/7 security. Exclusive to homeowners of Horizon Residences is a pool and basketball court.

Pueblo de Oro is starting a similar development in Sto. Tomas, Batangas, right beside Light Industry & Science Park III. It will be offering the same three product lines.

You are invited to our open house this weekend and visit us at SM Pampanga

The Gold Standard in Community Living

Pueblo de Oro is committed to address the needs of a growing and dynamic consumer market by providing a comprehensive product mix that includes quality residential facilities, ranging from exclusive residential villages for the high-end market to value-packed middle income housing projects and affordable economic housing to thriving commercial centers where business of whatever size can locate.

But, the great inspiration for the way Colin does the stammering is some wonderful newsreel footage of the real King talking. The look in his eyes of just desperately wanting to do the right thing was so profoundly moving that it made my eyes. Colin was equally moved.

Can you talk about how Helena researched her role?

Helena's research was prodigious. Every time I went to film and her house, there would be another royal biography lying around with them.

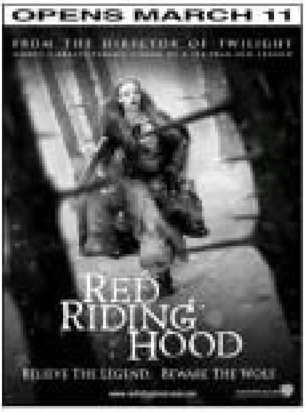

I was impressed at how hungry she was for clues and to spend time with anyone who knew the Queen Mother. The key notion she got was that this was a woman who appeared to be soft but was hard as iron underneath. That was a very strong insight.

How much has Queen Elizabeth expressed about what her father went through?

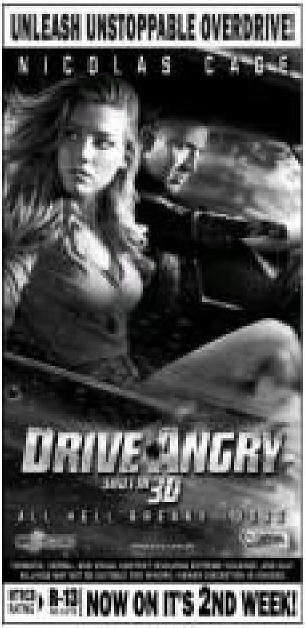

The real key to understanding the Queen's attitude is how angry she was with Wallis Simpson and Edward VIII, because she felt that for his older brother to put Bertie in that position was an act of profound selfishness on his part. He never said, "Brother, do you mind if I give up the throne? I know you've got a stammer, but do you mind if you become King?"

That's a very helpful insight, because it shows that she really cares for him. One of the things that's very moving about the story—and Helena and Colin captured it very well—was that this marriage is so powerful, because Queen Elizabeth never tired of trying to help her husband. She never stopped trying to find a therapist who could help, and Logue was the end of a very long line of people she tried. The Queen Mother's love for her husband is one of the very inspiring aspects of the movie.
